Re: Harbor Island Utilities, Inc. Rate Case Docket No. 2007-243-W/S

Dear Mr. Terreni:

When the Public Service Commission of South Carolina approved our new rates in December 2007, it included a provision that allows us to pass through rate increases we incur.

We recently received notice from the Fripp Island Public Service District (FIPSD) that effective July 1, 2008 our water cost will increase by \$0.01 (1¢) per thousand gallons. Please see the attached copy of FIPSD's letter. This will raise our commodity rate from \$4.13 per 1000 gallons to \$4.14 per 1000 gallons.

We must provide you a 60-day notice and we must provide our customers with a 30-day notice. The notice to our customer will be sent with the bills that we send in mid-July.

Please accept this letter as the official 60-day notification.

Please let me know if you need any additional information.

Sincerely,

Robert G. Gross
President
